## **BOWLS NSW - Feedback Requested on Proposed Draft Boundaries**

Following previous announcements regarding the unification of Zones and Districts and the alignment of competition Boundaries in NSW, Bowls NSW wanted further feedback regarding the proposed draft Boundaries that have been presented on their website.

The Boundary setting process is an important one for Bowls NSW to complete before moving on with the process of unifying Zones and District administration and their, and the Zone & District Unification Committee's intention, to have this process near complete into the first quarter of next financial year.

To review the proposed Draft Boundaries, please visit Bowls NSW dedicated website. The Draft Boundaries have not changed since they were initially published: <https://www.zonedistrictunification.com.au/boundaries>

Bowls NSW request feedback via the above website. There is a section down the bottom of this page where you can enter your details and communicate your feedback. Feedback is sought no later than 5pm Friday the 21st of July 2023.

It is important to note that these boundaries are still in the Draft format and may be altered based off a combination of the feedback received.

Input will be reviewed by the Zone and District Unification Committee in early August. The committee will carefully consider all feedback, and work towards developing further recommendations regarding the refinement of these draft boundary lines.

Any feedback received prior to this communication has already been captured and will be included in these discussions. Therefore, if you have already submitted something, there is no need to resubmit it.

## AUSSIE DESTINATIONS – Millthorpe, NSW

Important historic village classified by the National Trust

Millthorpe is a picturesque and historic village set amidst gently rolling hills. It is classified by the National Trust and, because it is not on a main thoroughfare, it has managed to avoid being overdeveloped and has retained a certain, 19th century charm. It is a village held in historic aspic with its cobbled, bluestone-bordered streets juxtaposed against a sense of modernity contained in its quality restaurants, galleries, and craft shops. It has found a balance between 21st century sophistication and 19th century gracefulness. Not surprisingly it has attracted city dwellers and artists seeking an escape to a quieter and more sedate rural lifestyle while still enjoying good coffee, good food and the attractions which a large city can offer.

### Location

Millthorpe is located 240 km north-west of Sydney via Katoomba and Lithgow and 41 km west of Bathurst. It is 965 m above sea level.

### Origin of Name

The town was originally named Spring Grove but the name was changed because in 1882 a flour mill was built to service the surrounding area. The name became "Mill" with "thorpe" added to produce Millthorpe. "Thorp" is a Middle English word meaning village or hamlet.

## **Places of Interest**

### **Historic Buildings in Victoria and Pym Streets**

Millthorpe's commercial area was extended after the depression of the 1890s and many of its largely brick buildings date from that period. The town's decline after World War I meant that it was spared redevelopment and consequently many of its buildings have survived with very little alteration.

It is hard to imagine a greater concentration of 19th century buildings and the unique charm of the two streets is that they have been held in aspic. You could be walking down the street on a sunny day in 1900.

Of additional and special interest are:

#### **Rosebank**

Located at the corner of Victoria and Park Streets, Rosebank Guesthouse is one of the town's finest buildings. It was the former Bank of New South Wales and manager's residence. It was built of stuccoed brick in a Late Victorian Free Classical style with the original bank being built in 1887 and the more recent bank being completed in 1902.

#### **Grand Western Lodge**

On the corner of Montgomery Street and Victoria Street is the former Grand Western Lodge Hotel (1901), an imposing two-storey brick structure with two-storey veranda, cast-iron balustrades, an enormous stuccoed central parapet, pictorial leadlight glazing and keyhole windows.

#### **Golden Memories Museum**

Located at 37-39 Park Street and open on weekends from 10.00 am, Millthorpe's Golden Memories Museum is located in the old Good Templars Hall (1881) and has been a museum since 1965. The museum's brochure proudly explains that it has exhibits from the town's social history; an excellent display of historic rural equipment including hay and chaff cutting equipment; a unique exhibition about the local Wiradjuri Aboriginal people; a working blacksmith's forge and the story of the discovery of gold by John Lister in 1851. It is now recognised that Lister and the Tom brothers discovered gold before Edward Hargraves and are therefore the true "founding fathers" of Australia's goldrushes. The museum includes the old Trunkey Creek gold stamper and John Lister's gold fossicking pick. There is also the Cadia Theatre which records the history of the Cardia Valley from early copper and iron mining to today's huge Newcrest operation.

#### **John Lister's Grave**

Located in the Anglican section of Millthorpe Cemetery is the grave of John Lister who, with Edward Hargraves, successfully panned gold-bearing gravel at the future site of Ophir in February, 1851. Lister, with the brothers William Tom and James Tom, spotted gold in a rock crevice in April. They dug it out with a knife and then sifted the ground. They produced 113 grams in all. It was the first payable gold discovery and it triggered the first goldrush in Australia. Edward

Hargraves claimed the credit (and the fame) but it really should have gone to Lister and the Tom brothers.

### **Lookout**

Head up Victoria Street and then turn into William Street (where Braeside Manor is) and make your way to the top of the hill. There are fine views over Millthorpe and the local area and it is possible to see Mount Canobolas in the distance.

### **Other Attractions in the Area**

#### **Forest Reefs**

The charming rural hamlet of Forest Reefs lies 10 km west of town and is a former gold mining village which retains an historic centre with some old churches and other buildings, including the Forest Reefs Tavern which was once one of six hotels in the town.

#### **Millthorpe Timeline**

- \* The earliest European settlement in the district occurred when a government stock station was established in 1823.
- \* The town, known initially as Spring Grove, was based on a land grant originally known as 'Grove Farm' which was made to convict overseer Charles Booth in 1834. The explorer Thomas Mitchell stayed at Grove Farm twice when he passed through the area on his inland expeditions.
- \* By the 1860s there were orchards in the district.
- \* In 1867 the Church of England built a slab and bark schoolhouse.
- \* In 1869 William Webb arrived to become the local schoolmaster. He stayed for 30 years.
- \* The arrival of the railway in 1877 did much to boost the local economy.
- \* A large flour mill was built in 1882.
- \* In 1884, by a vote of 38 to 31, the town's name was changed from 'Spring Grove' to Millthorpe.
- \* The railway station was completed in 1886.
- \* By the 1900s Millthorpe was known throughout New South Wales for the flour, peas and potatoes it sent by rail to Sydney.
- \* Today the town attracts tourists with its superb display of beautifully preserved 19th century buildings.

**WORD OF THE WEEK: EPICARICARY:** rejoicing at, taking fun in, or getting pleasure from the misfortune of others.

**IDIOM OF THE WEEK:** I feel like pulling a hair from his nose: doing something nasty to him. (Welsh idiom)

**QUOTE OF THE WEEK:** “This is what the ego does. It crosses out what matters and replaces it with what doesn’t.” – Ego is the Enemy by Rayan Holiday

**WICKED WORDS:** “It is in the character of very few men to honour without envy a friend who has prospered.”- Aeschylus

**ANOTHER VIEW:** “Envy is thin because it bites but never eats.” – Spanish Proverb

**A NOVEL NOTE:** “There are two circumstances that lead to arrogance: one is when you're wrong and you can't face it; the other is when you're right and nobody else can face it.” — Diotima, Battery, Electric Personality by Criss Jami

**DID YOU KNOW:** An adult's blood vessels could circle the equator four times if they were laid end to end. The human body may seem minuscule compared to the size of the Earth. But adults have so many blood vessels that if you laid them end to end, they could circle the planet's equator—which is 24,901 miles—four times, according to National Geographic!

**FUN FACT:** When cellophane was invented in 1908, it was originally intended to be used to protect tablecloths from wine spills.

**SHE SAID IT:** “The spirit of envy can destroy; it can never build.” Margaret Thatcher

**SHE ALSO SAID IT:** “It’s my belief we developed language because of our deep inner need to complain.” – Lily Tomlin

**HE SAID IT:** “There is only one way to avoid criticism: do nothing, say nothing, and be nothing.” – Aristotle

**HE ALSO SAID IT:** ‘I used to think that the worst thing in life was to end up alone. It’s not. The worst thing in life is to end up with people who make you feel alone.’ – Robin Williams

**JOKE OF THE WEEK.** Three men of the cloth from the Shire were having lunch in the Plaza.

One said, “You know, since summer started I’ve been having trouble with bats in my loft and attic at the church. I’ve tried everything – noise, spray, cats – nothing seems to scare them away.”

Another said, “Yes, me too. I’ve got hundreds living in my belfry and in the attic. I’ve even had the place fumigated, and they won’t go away.”

The third said, “I baptised all mine, and made them members of the church. Haven’t seen one back since!”

**Riddle:** Because a wooden leg can't take pictures, only a camera can.

Mabel, I'm an opportunist. I don't have a drinking problem!

Doris! I know! You have a drinking opportunity.

## TICKLES CORNER

Spike, I asked the doctor if I will be able to play the violin after my operation and he said, 'Yes of course.'

Jangles, that's great news for you because you never could before!

### Billy

"Humans. I don't understand you! Why if the black box flight recorder is never damaged during a plane crash, why don't you build the whole aeroplace out of the stuff."

*"Great, traditional pizza and a lovely little restaurant. Excellent service with an Italian accent which always makes the pizza taste better!"*

**"Poseidon's Catch Seafood is a real gem. A family restaurant that really values their customers. Their seafood is delicious and their salads are a must have."**
